

Budget Update

**NIH Director's Report to the Advisory
Committee to the Director
December 14, 2017**

**Neil K. Shapiro
Associate Director for Budget, NIH**

FY 2018 So Far

- Currently under the second Continuing Resolution
 - First through December 8, 2017
 - Second through December 22, 2017
 - Third is likely into January 2018
 - Funding level is FY 2017 enacted, including 21st Century Cures Act's Innovation projects, less 0.6791 percent
- Progress on an FY 2018 Omnibus bill awaiting decisions on subcommittee allocations
- Type 1 Diabetes mandatory funding (\$150 million) not yet reauthorized for FY 2018, but two-year extension proposed in H.R. 3922 (passed House on November 3)

Appropriations Action: House

- FY 2018 bill voted out of Full Committee on July 24
- Level for NIH is \$1.1 billion above FY 2017 enacted, including full funding of 21st Century Cures Act's Innovation projects
- Targeted increases in bill, *e.g.*, Alzheimer's disease (\$400 million), BRAIN Initiative, Precision Medicine Initiative
- Does not accept proposed consolidations or indirect cost policy in the FY 2018 President's Budget

Appropriations Action: Senate

- FY 2018 bill voted out of Full Committee on September 7
- Funding level for NIH is \$2 billion above FY 2017 enacted, including full funding of 21st Century Cures Act's Innovation projects
- Targeted increases in bill, *e.g.*, Alzheimer's disease (\$414 million), BRAIN Initiative, Precision Medicine Initiative, Antimicrobial resistance
- Does not accept proposed consolidations or indirect cost policy in the FY 2018 President's Budget
